

Date.cpp

```
graph TD; DateCpp[Date.cpp] --> DateH[Date.h]; DateH --> string[string]; DateH --> ctime[ctime];
```

The diagram illustrates the dependencies of a C++ program. At the top is a box labeled 'Date.cpp'. A blue arrow points from 'Date.cpp' down to a box labeled 'Date.h'. From 'Date.h', two blue arrows point down to two separate boxes: 'string' on the left and 'ctime' on the right. The 'Date.cpp' box has a gray background, while the others are white.
